PEO STRI UPDATE

Mr. Tim Bishop, SES
Deputy Program Executive Officer
Simulation, Training and Instrumentation
Army Vision For 2028

The Army has laid out the Army Vision for 2028. It embraces the doctrine of Multi-Domain Operations while integrating our capabilities with the Joint Force.

PEO STRI supports the Army Vision by providing simulation, training and testing capabilities for every platform. Our training capabilities touch every Soldier to hone their skills and rehearse their missions.

We will still have to fight and destroy land-based enemy units and seize terrain, but the Army is going to also have to be able sink ships, and dominate the airspace above our units from hostile air or missile attack.

PEO STRI’s top priorities for meeting the Army Vision include the Synthetic Training Environment; Medical training; Cyber training; delivering training capabilities to the Combat Training Centers; strengthening and evolving our alliances and partnerships; and supporting the training capabilities for space and missile defense.
PEO STRI Major Programs

SYNTHETIC TRAINING ENVIRONMENT (STE)

PERSISTENT CYBER TRAINING ENVIRONMENT

INTERNATIONAL PROGRAMS OFFICE

INSTRUMENTABLE MULTIPLE INTEGRATED LASER ENGAGEMENT SYSTEM (I-MILES)

MEDICAL SIMULATION

ARMY TRAINING AIDS, DEVICES, SIMULATORS AND SIMULATIONS (TADSS) MAINTENANCE PROGRAM
Industrial Base Collaboration

We’re able to provide the world’s best training enablers to the world’s best force in large part because of the support you continue to provide to PEO STRI. We cannot meet the high demands of our Army without your dedication and expertise.

As we move forward, we look forward to working with all of our partners in the military, government, industry, and academic arenas to help ensure our Nation’s security.

Working together, there is nothing stopping us from ensuring our Warfighters continue to be the best trained military force in the world.
